DETAILED ACTION

1. *This Supplemental Notice of Allowance is issued to enter an Examiner's Amendment of record to independent claim 13 and is responsive to applicant's IDS filed 18 May 2006. The examiners office action of 28 February 2005 is hereby incorporated by reference.*

EXAMINER'S AMENDMENT

2. *An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.*

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Burgujian on May 24, 2006

Amend the preamble of claim 13 as follows:

In the first line of the claim insert the phrase, "tangibly embodied on a computer readable medium" between the words "product" and "for". The preamble of claim 13 should now read:

"13. A Computer program product tangibly embodied on a computer readable medium for estimating power consumption and...."

Information Disclosure Statement

3. *Applicant's information disclosure statement of 18 May 2006 was filed after the issue fee was paid. Information disclosure statements filed after payment of the issue fee will not be considered, but will be placed in the file. However, the application may be withdrawn from issue in order to file a request for continued examination (RCE) under 37 CFR 1.114 upon the grant of a petition under 37 CFR 1.313(c)(2), or a continuing application under 37 CFR 1.53(b) (or a continued prosecution application (CPA) under 37 CFR 1.53(d) if the CPA is for a design patent and the prior application of the CPA is a design application) upon the grant of a petition filed under the provisions of 37 CFR 1.313(c)(3). Alternatively, the other provisions of 37 CFR 1.313 may apply, e.g., a petition to withdraw the application from issue under the provisions of 37 CFR 1.313(c)(1) may be filed together with an unequivocal statement by the applicant that one or more claims are unpatentable over the information contained in the statement. The information disclosure statement would then be considered upon withdrawal of the application from issue under 37 CFR 1.313(c)(1).*
